William Wirtz

PRESIDENT

When the Wirtz family purchased the Chicago Blackhawks in 1954, it acquired a team rooted in last place. William Wirtz, a 1950 graduate of Brown University, took his place along with father Arthur M. Wirtz and brother Michael in the reshaping and redevelopment of a once proud franchise. He became President of the club in 1966. Auspiciously, in his first year as President, the Chicago Blackhawks finished tops in their division for the first time in team history. Since that 1966-67 season, the team has recorded 994-809-323 for a .5435 winning percentage, 14 divisional titles, and a string of 24 consecutive playoff appearances. In only one of the years since 1967 did the team not qualify for playoff competition.

As a member of the NHL Board of Governors, William Wirtz currently sits on the NHL Executive Committee. The man whom *Inside Hockey* called the most respected Governor in the National Hockey League, William Wirtz had been elected nine times as Chairman of the NHL Board of Governors. Having served eighteen years, he stepped down following the 1991-92 season. Among the accomplishments during his tenure as Chairman: the merger of the WHL with the NHL in the late 1970's, the further expansion of the League, the entry of European players into the League.

His achievements have been recognized: induction into the Hockey Hall of Fame in 1976; the reception of the Lester Patrick Trophy in 1978, (both honors also accorded his father); induction into the United States Hockey Hall of Fame in 1985; and the respect of his peers as a "natural leader."

Wirtz served on both the 1980 and 1984 Winter Olympic Committees. For the last several years, he has hosted in Chicago Stadium the final games of the Illinois Amateur High School Hockey Association Championship.

Presently Wirtz is deeply involved in the construction of a new stadium, along with partner Jerry Reinsdorf of the Chicago Bulls, to replace Chicago Stadium, which was built in 1929 and became family property in 1936. Having grown up with the present Stadium, he loves the old building but recognizes the economic need which a new building can meet with its state-of-the-art designs. Remaining competitive in an era of escalating salaries calls for a farsighted approach. And he is most "proud that the facility is being financed with private funds and without taxpayer dollars."

Outside hockey Wirtz, 62, maintains several enterprises with the authority and responsibility shared by other family members. "We are a close family," he says. "It has always been the family first, business second and nothing else third."

William Wirtz has always been concerned for others not so fortunate. He has been a leader in the support of Maryville Academy, the largest residential child-care facility in Illinois. His late wife, Joan Roney Wirtz, founded the Women of Maryville in 1979 to establish a scholarship fund to benefit Maryville youth. His contributions to the Virginia Wadsworth Wirtz Wheelchair Sports Program at the Rehabilitation Institute of Chicago are well recognized.

In addition he is a Past Chairman of the Prairie State Games (Illinois 1984/85), and he presently serves as Trustee for the Chicago Latin School Foundation.

William Wirtz and his wife Alice reside in the northern suburbs.

Arthur Michael Wirtz

EXECUTIVE VICE PRESIDENT

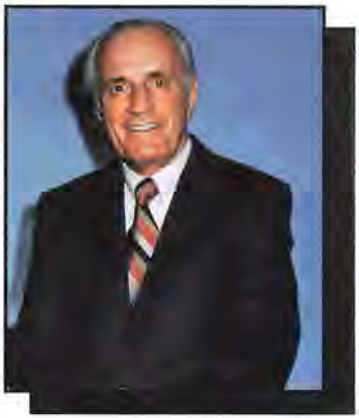
The title of Vice President has been carried easily on the broad shoulders of Michael Wirtz since 1958. In the restructuring of the Blackhawk organization prior to the 1990-91 season, Michael was elevated to the position of Executive Vice-President. In his role as Executive V.P., he works closely with Vice President Tommy Ivan and his brother William in handling all hockey problems, especially the business aspects that arise on a daily basis concerning the Chicago Stadium.

As a graduate of the Wharton School of Commerce of the University of Pennsylvania, Michael has been a valuable asset to the Chicago Blackhawks with his knowledge of business and his love of hockey. His knowledge of the Stadium is first hand. He served as General Manager of Chicago Stadium for six years, coming to love the building perhaps as much as his brother.

The family realty business helped to introduce Michael to his wife, Sunny. Michael lived in a building on Lake Shore Drive which the Wirtzes owned, when Sunny's family moved to Chicago in 1959 and settled in the same building. The couple was married about three years later. Mr. and Mrs. James Norris and Tommy and Dorothy Ivan became great friends of Michael and Sunny in the early days of their marriage, underscoring further his love and knowledge of the game.

It was from Virginia Wirtz, his mother, that Michael gained his other love, flowers. The greenhouse he has recently added to the family home is filled with gardenias and flowering trees, allowing the family fresh limes and oranges for the picking. Gardening has become more than a relaxing hobby. Michael has served on the long-range planning committee of the American Rose Society and is a consulting Rosarian. He is past President of the Northeastern Illinois Rose Society and remains very active in the organization.

Mike, Sunny, and their children, Laura and Jimmy, and Arthur III and his wife Jennifer, all reside in the Chicagoland area.



Thomas N. Ivan

VICE PRESIDENT

One of the most respected and knowledgeable people in the world of hockey, Tommy Ivan has served for over 50 years in nearly every capacity the game has to offer. In his book, *Hockey's 100*, Stan Fischler lists him among the Ten Best Coaches *and* Ten Best General Managers in the history of the NHL.

Tommy began his hockey career with the Detroit organization. About his early days in junior hockey in Ontario, through his first pro coaching job with Omaha in the Central League where one of his young propects was a lad named Gordie Howe, he states: "Every memory is a pleasant one." His biggest thrill was winning that first Stanley Cup with Detroit.

Tommy entered the Chicago Blackhawk's organization in 1954 after having won six straight league championships and three Stanley Cups as coach of the Detroit Red Wings. With the Hawks in danger of total collapse, Tommy accepted the challenge to rebuild the franchise into a solid and stable competitor. His rebuilding of the Hawk farm system, drafting of players, and strengthening of team spirit led to a Stanley Cup Championship in 1961, and a club that reached the Finals in 1962, '65, '71, and '73.

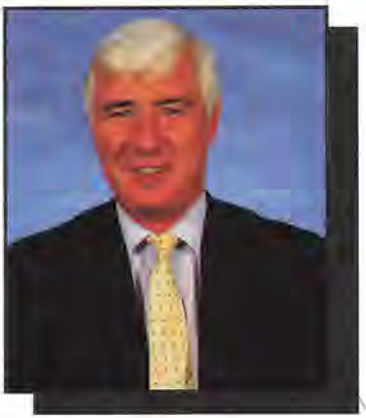
In 1974 Thomas N. Ivan was inducted into the Hockey Hall of Fame. The following year, 1975, he received the Lester Patrick Trophy for "outstanding service to hockey in the United States." He has since been named Chairman of the United States Hockey Hall of Fame and has also served on the selection committee of the Hockey Hall of Fame.

An additional sign of the respect and admiration the NHL has for Tommy Ivan appeared in the Program/Magazine for the 1991 All Star Game held in Chicago. The publication was dedicated to the memory of Dorothy Ivan, whose "love and courage was an integral part of his achievement."

As Chairman of the organizing committee for the 1978-79 Olympic Hockey Festival, Tommy and his committee were instrumental in bringing more than 90 players together for Coach Herb Brooks and his staff. That "miracle" team went on to win the Gold Medal at the 1980 Winter Olympics in Lake Placid, New York.

After serving as Blackhawk General Manager for 25 years ("One of the best in the business," says Phil Esposito), Tommy became Vice President and Alternate Governor and has served in those capacities for the last 13 years.

Tommy Ivan divides his time between his homes in the Chicago area and Florida.



Robert J. Pulford

SENIOR VICE PRESIDENT/GENERAL MANAGER

Bob Pulford has excelled at every aspect the game of hockey offers: Player, Coach, General Manager. In his professional career which began in 1956, Pulford collected 643 points (281 goals, 362 assists) in 1,079 games. With the Toronto Maple Leafs in their glory-days of the Sixties, Pulford earned a Stanley Cup ring in the 1961-62, 1962-63, 1963-64, and 1966-67 seasons. Known as an outstanding penalty killer, he registered four 20-or-more goal seasons and was an NHL All-Star six times. To this date he ranks among the Maple Leafs' Top Ten in goals, assists, points, and games played.

After his playing days, Pulford accepted the position of Head Coach with the Los Angeles Kings. The team developed rapidly under his direction, and in 1974-75 the Kings posted a 42-17-21 record for 105 points. For his efforts, Pulford was named NHL Coach of the Year.

Following five successful seasons in L.A., Pulford joined the Chicago Blackhawks on July 6, 1977, accepting a new challenge, as he became Head Coach and General Manager. He promptly led the Blackhawks to a first place finish in the Smythe Division and again earned the honor of being named Coach of the Year as voted by the *Hockey News*. Twice after relinquishing his coaching position to concentrate on management, Pulford reassumed the coaching role in mid-season to revive a struggling Hawk team. The Chicago Blackhawks have won eight division titles with Pulford as General Manager and Coach, and the team made the Playoffs in each of his 15 seasons with the Hawks. Pulford has posted a 336-305-130 record as an NHL Coach.

In June of 1990 President William Wirtz of the Chicago Blackhawks appointed Bob Pulford the club's Senior Vice President. This position allows him more input into the business and marketing aspects of the team — both essential facets of any sports franchises in the coming decade. Although this may seem incongruous to the ordinary fan, those close to him are well aware of his attention to detail. Without a hockey career, he states, "I probably would have been a lawyer."

This may help explain Pulford's extensive role in developing the National Hockey League's early collective bargaining agreements. In 1967, Bob Pulford became the NHL's first Player Union President.

Today, he plays a key role acting as Alternate Governor for the team and sitting on the advisory committee to league ownership. Since he re-assumed the position of General Manager in 1992, his days are devoted to the Blackhawks in all ways.

Pulford's accomplishments have not gone unrecognized. On June 21, 1991, he was elected into the Hockey Hall of Fame.

A graduate of McMaster University, Pulford is also credited with bringing more respect to hockey in the United States. As Head Coach of Team USA during the 1976 Canada Cup Games, he helped develope a team that played much better than expected. Although the team did not win a medal, he caused many to sit up and take notice of U.S. Hockey for the first time. In the 1991 Canada Cup series he served as Co-General Manager for Team USA.

"Pully," as he is often called, his wife Roslyn, and their three children — Rob, Lindsay, and Jennifer — reside in the northern suburbs. When he's not involved with hockey, he can be found there restoring old automobiles, a long-time hobby. Golf and fishing are the others.

Jack Davison

VICE PRESIDENT

Having played or coached at every level of hockey, Jack Davison is one of the most respected judges of talent among NHL executives. In his 33 years as a member of the Chicago Blackhawk organization, Jack's knowledge of hockey has been invaluable in bringing excellent young talent to the club.

One of the reasons Davison has such an eye for good talent is his own athleticism. As a young man, Jack had a baseball tryout as a first baseman in the Braves' organization; he preferred hockey. To this day he is an excellent golfer, having played on the pro circuit.

Davison's prime responsibilty lies with player personnel. He works closely with Bob Murray in coordinating Blackhawk scouting efforts, and he directs Chicago's participation in the NHL entry draft each summer. To accomplish this, he works closely with the Scouting Department to make sure every level of play is investigated and every possible prospect is evaluated. Sometimes he has seen as many as three games on a given day. All this work and preparation has produced dividends as the Blackhawks are among the league leaders in developing draft choices and bringing them into the NHL. Listed among recent successful first round choices: Jimmy Waite, Dave Manson, and Jeremy Roenick. His travels have enabled the Blackhawks to make headway in the recruitment of European players. Attending the 1992 Olympics in France afforded him the opportunity to view players from every major hockey country in the world. He has continued his European scouting for the World Cup games.

Jack maintains his headquarters in Toronto, although he spends a large amount of time in Chicago during the hockey season. This permits him to see the many prospects playing junior hockey in Canada and in the East while still remaining an integral part of evaluations in Chicago.

Jack and his wife Isobel reside in Toronto. They have three children: Kathy, Susan, and Kerry.

Bob Murray

DIRECTOR OF PLAYER PERSONNEL

Bob Murray spent his entire NHL playing career with the Chicago Blackhawks. "Murph" was acquired in the 1974 draft and played 1008 games in a Hawk uniform, only the fourth Hawk player to reach the 1000-game mark. In the 1990 Playoffs, he became the first player in Blackhawk history to play in over 100 playoff games. He ranks first among All-Time Blackhawk Defensemen in games played, second among All-Time Blackhawk Defensemen in career points with 514. Bob Murray scored 132 goals (24th overall), 382 assists (8th overall), totalling 514 (11th overall) throughout his 15 year career. He also recorded one assist in two All-Star appearances: 1981 and 1983.

Murray's playing career was marked by tremendous skill, endurance and determination. His hard work and preparation were well noted by the organization. Also visible behind the scenes were his organization and management skills. All these traits convinced the Blackhawks to sign Murray as a Pro Scout for the club in 1990. The following year he was appointed Director of Player Personnel.

In conjunction with Assistant GM Jack Davison, and Senior VP Bob Pulford, Murray evaluates all levels of player ability as it effects movement within the organization, trades, and the entry draft. With NHL expansion and the increase of minor league teams as well, the task has grown in size as well as importance. Murray continues to scout individual amateur players and to coordinate Blackhawk scouting in North America and Europe.

Bob and his wife Patty have three children, Kevin, Amanda, and Andrew. They make their home in the northwest suburbs. When not working, Murray relaxes with a few rounds of golf.

Darryl Sutter

HEAD COACH

A member of a remarkable hockey family, Darryl Sutter became Head Coach of the Chicago Blackhawks at the conclusion of the 1991-92 season. (Brother Brian having served as Head Coach of St. Louis is now in that position with Boston. Brother Duane is coach of the Indianapolis Ice. Brothers Brent, Ron, and Rich remain active players in the NHL.) Darryl is the 29th coach in the 67 year history of the Chicago Blackhawks.

The intensity and drive which mark the Sutter family are easily found in Darryl. He was not a high draft pick by the Blackhawks in 1978 (11th round, 179th overall), but he fought the odds and made the team. After playing one season in Japan, Darryl saw his first NHL action in the 1979-80 season with eight regular season games and seven playoff games. In 1980-81, his first full NHL season, he scored 40 goals in 76 games. He was a force on the power play, stationing himself near the net and doing whatever was needed to score.

Becoming team captain in 1982-83, Sutter led by example, scoring 161 goals in 406 games and adding 118 assists for 279 points (29th on All-Time Blackhawk List). He was forced to retire from active play due to a series of injuries that hindered his performance on the ice. Darryl ranks 8th among All-Time Blackhawk playoff goal scorers with 24. He holds or shares two Blackhawk playoff records: most goals in one playoff year with 12 (1984-85) and most overtime goals in one playoff series with 2 (against Minnesota 1984-85).

Remaining in the organization, in 1987-88 Darryl Sutter became the Assistant Coach of the Blackhawks. The following year he became Head Coach of the Saginaw Hawks, Chicago's minor league affiliate in the International Hockey League, leading them to a second place finish in the East Division of the IHL with 102 points. When the Hawks moved their minor league affiliation to Indianapolis in 1989-90, Darryl moved too. With Darryl as Head Coach, the Indianapolis Ice finished first in its division, second over-all in the IHL with 114 points. The team went on to win the Turner Cup, and Darryl Sutter won the Commissioner's Trophy as Coach of the Year.

Sutter returned to the Blackhawks as Associate Coach to Mike Keenan for the 1990-91 season. After two seasons in that capacity, he became Head Coach for the 1992-93 season, leading the club to a first place finish in the Norris Division.

Darryl, his wife Wanda, and their three children, Jessica, Brett, and new son Christopher, reside in the western suburbs. They return to Viking, Alberta, to join the Sutter clan in the off season whenever time permits. There Darryl and his brothers have established the Sutter Foundation which raises money for various non-profit organizations, such as a shelter for battered women.

Rich Preston

ASSISTANT COACH

Rich Preston played professional hockey in both the National Hockey League and the World Hockey Association. He broke in with the Houston Aeros of the WHA and played four years there on right wing. His teammates included the legendary Gordie Howe and his two sons. He then joined the WHA's Winnipeg Jets for one season, the last season of the WHA itself. The Jets won the Championship, and Rich Preston was selected as Most Valuable Player in the Playoffs. Little wonder the Blackhawks claimed Preston from Winnipeg in the Expansion Draft in June 1979.

Altogether, Preston spent six seasons with the Blackhawks, first playing on the famed R.P.M. line with Terry Ruskowski and Grant Mulvey, later joining a line with Tom Lysiak and Darryl Sutter. Recognized as an outstanding penalty killer, Preston was traded to New Jersey along with Don Dietrich for Bob MacMillan and a draft pick. After two years with the Devils, Preston again signed with the Hawks as a free agent for the 1986-87 season, his last as a player.

As a player, Rich Preston garnered everyone's respect by coming to the rink prepared, by helping younger players cope with the grind of an NHL season, and by playing tough, intelligent hockey. Such assets made an impression on the Blackhawk organization, and on July 24, 1991, Mike Keenan named Preston Assistant Coach of the Chicago Blackhawks.

Preston, his wife Laura, and their three children – Troy, Lucas, and Thomas – live in the northern suburbs. In addition to his coaching position, Preston is an active member of the Chicago Blackhawk Alumni Association.

Paul Baxter

ASSISTANT COACH

Paul Baxter begins his second year as Assistant Coach of the Chicago Blackhawks after having spent three seasons in the position with the Calgary Flames.

Baxter began his professional hockey career with Cleveland in the WHA during the 1974-75 season. After two years with Cleveland, he went to Quebec in 1976-77. He joined the NHL in the 1979-80 season when Quebec was absorbed into the NHL from the WHA. He had originally been the third choice of the Pittsburgh Penguins (49th overall) in the 1975 Amateur Draft.

Pittsburgh signed Baxter as a free agent in August 1980, and he played there for three seasons. He then signed as a free agent with the Calgary Flames in September 1983. He remained with the Flames for four seasons and was a player/assistant coach in 1986-87. Baxter became the Head Coach for the Flames' minor league affiliate in Salt Lake City of the IHL the following year.

In his first year as Head Coach, Baxter led the Salt Lake Golden Eagles to the Turner Cup Championship. The next season, 1988-89, his team set a franchise record when it posted 116 points, winning 56 of 82 games and advancing to the Turner Cup Finals before losing to Muskegon. In his two seasons as Head Coach at Salt Lake City, Baxter's teams compiled a record of 96-56-12 for a .622 winning percentage. Both seasons found him coaching against Darryl Sutter in the IHL when Darryl was Head Coach at Saginaw and then Indianapolis. Baxter said, "Darryl is a tough competitor. We got to know each other pretty well from our days together in the IHL. The main thing we have in common is that we both hate to lose."

Baxter's success at Salt Lake City brought him back to the parent club in Calgary in 1989. A Blackhawk now, he looks forward to helping the team maintain its rich tradition and to winning the Stanley Cup.

Paul Baxter and his wife Julie have four children: Nicole 13, Marcus 10, Laura 9, and Emily 2.

Phil Myre

PLAYER DEVELOPMENT COACH

A native of Ste. Anne de Bellevue, Quebec, Phil Myre has worked successfully at all levels of the game of hockey.

Drafted as Montreal's first round pick in 1966, he made his NHL debut in goal with the Canadiens in the 1969-70 season. He was a member of the Canadiens as the club won the Stanley Cup in 1971. Appearing in 439 career games during 14 seasons with Montreal, Atlanta, St. Louis, Philadelphia, Colorado, and Buffalo, Myre compiled a record of 152-199-78 with a 3.53 average.

Myre began his coaching career in 1982-83 as a player/coach with Rochester of the AHL, winning the Calder Cup his first season with the team. He joined the L.A. Kings as assistant coach in 1984-85 remaining until mid-season in 1988-89. He then served as head coach of the Rochester Junior Americans before moving to the Detroit Red Wings in 1989-90 as goaltending coach and evaluator of prospects in the minor and junior leagues; He comes to Chicago from Detroit in a similar position as player development coach. He is scheduled to work with Duane Sutter in Indianapolis as well as with the coaching staff in Chicago helping to develop the many young players in the Blackhawk system.

Phil and his wife, Nicole, have two daughters, Stephanie and Natalie.

Vladislav Tretiak

GOALTENDER COACH

Vladislav Tretiak became the goaltender coach and consultant for the Chicago Blackhawks prior to the 1990-91 hockey season. When questioned about a possible problem in communication, since he is not fluent in English, Tretiak responded: "Goaltenders speak a universal language." If judged by the Hawks' improved goals-against averages these last years, his advice, suggestions and shared experiences have been well received.

Tretiak first came to the attention of the American public while goaltending for the Soviet Union National Team in the 1972 Winter Olympics during their Gold Medal winning performance. He and they won the Gold Medal again in 1976 and in 1984. They took the Silver Medal in 1980. In 19 Olympic games Tretiak allowed 33 goals for a 1.74 goals-against average.

Tretiak played on a record 13 Soviet League Championships as the goaltender for the Red Army. He won 10 World Championship Gold Medals. He was selected Soviet Player of the Year five times. Tretiak was Winner of the Gold Stick as outstanding European player three times.

His first games against the National Hockey League occurred in the September 1972 series between the Soviet Union and Team Canada. Four Canadian cities and an awed television audience were witness to Russian hockey for the first time in this series. Then and in succeeding years, in 11 Canada Cup games he allowed 22 goals for a 2.00 goals-against average. Tretiak was drafted by the Montreal Canadiens in the 1983 entry draft (138th overall), but his release to Canada and the NHL was vetoed by the Soviet Ice Hockey Federation at that time.

He retired from active play in 1984. Since then, he has authored several books including an autobiography, *Tretiak, The Legend.*

In recognition of his tremendous playing ability and his many contributions to the sport of hockey on an international level, in 1989 Vladislav Tretiak was given the honor of being the first Soviet born player to be inducted into the Hockey Hall of Fame.

Vladislav Tretiak was born April 25, 1952, in Dmitrovo, a suburb of Moscow. He was 11 when he played his first hockey game, and at 17 he was appointed to the powerful Central Red Army Team. He has a wife, Tatiana, and two children: Dmitri and Irina. He lives in Moscow and is still a Lieutenant Colonel in the Soviet Army.

Pat Foley
BROADCASTER

Pat Foley has established himself on the hockey scene with a contagious enthusiasm that he has maintained through 13 years broadcasting for the Chicago Blackhawks.

Like many Hawk fans, Pat remembers listening to his alltime favorite announcer, Lloyd Pettit, who was the "voice" of the Blackhawks for years. Pat gained his own broadcasting experience beginning at Michigan State University with its baseball and hockey teams, and later as he worked for the Grand Rapid Owls of the International Hockey League. It was Blackhawk Vice President Michael Wirtz who first heard Foley's broadcasts of the Owls and recommended him for the job with the Blackhawks. Obviously, Foley has taken that opportunity and created a name for himself in Chicago.

Pat, 39, was born and raised in the northern suburbs, where the family business, Foley Motor Sales of Wilmette, was founded over fifty years ago. Pat's hobbies are golf and softball. He is single and makes his home in Glenview.

Dale Tallon
BROADCASTER

Season after season, handling color analysis for the Chicago Blackhawks' broadcasts, Dale Tallon impresses both the long time fan and the occasional listener. Dale's keen insight, descriptive style, and sense of humor are real assets to the programs as well as being indicative of the man himself.

Tallon is a ten year veteran of the National Hockey League. He was the Vancouver Canucks' number one selection and the second player chosen overall in the 1970 draft. He was traded to the Blackhawks in 1973 for Jerry Korab and Gary Smith. After five years as a Blackhawk, Dale finished his playing career with the Pittsburgh Penguins. He remains highly involved with the Chicago Blackhawk Alumni Association.

Dale now carries a golf club as well as he ever carried a hockey stick. He has been a member of the Canadian PGA Tour and has won or placed in several championship tournaments in Illinois. Off-season, he serves as head golf pro at a course in the western suburbs.

Dale, his wife Meg, and their two lively girls, Lauren 6, and Kristen 4, reside in the northern suburbs.

Chicago Stadium – "It Feels Like Hockey"

Among NHL arenas, the Chicago Stadium stands alone. It is simply the loudest arena in the NHL and possibly in all North America. It's a place where a playoff frenzy can erupt during any game, for any opponent, during the regular season. Fans routinely start cheering during the national anthem. They build to a crescendo to launch the Blackhawks from the opening face-off. At any given moment in the Stadium, it is often louder than in other NHL arenas when the home team scores. At one point in a playoff game in 1989, the sound was measured at 130 decibels. That is sound you can feel.

Voices get a boost from the Barton Organ with its pipes built into the Stadium's rafters. At full volume, the organ will equal the sound of 25 brass bands and has the capability to shatter every piece of glass in the building.

The very design of the Stadium traps and amplifies sound. The building's dimensions are compact; none of the outer walls of the arena are more than 100 feet from the ice. Above the main floor seats are two steep balconies, so fans are literally stacked on top of each other.

Vintage electric signs hang from the ceilings in the lobbies and point out seating sections. The Stadium Grill and cafeteria are no more. Their space has been taken up by the Governors Room, which hosts private dinner parties, and by offices and storerooms.

Media facilities were an afterthought. Chicago has the only main pressbox in the NHL which is suspended at the end of the rink. Occasionally, deflected pucks crash-in, assuring most journalists will pay close attention during a game. An auxiliary box, affectionately called "Nosebleed," was constructed later and hangs suspended over the second balcony.

Seemingly, the Stadium has always been associated with the late Arthur M. Wirtz and his family. However, it was the idea of entrepreneur Patrick Harmon. Other investors included James Norris, founder of the Detroit Red Wings. Following the grand opening, the first sporting event was a boxing match on March 28,1929. Colonel McLaughlin's Chicago Blackhawks played their first game in the Stadium on December 15, 1929, moving from the now defunct Chicago Coliseum. But the building didn't prosper as an entertainment hub until 1934, when it was purchased by Wirtz. The building, along with the Blackhawks, remains in control of the family headed by William Wirtz.

Although banners commemorating Blackhawk heroes #21, #9, #1, and #35, (Stan Mikita, Bobby Hull, Glenn Hall, and Tony Esposito) hang from the rafters, the Stadium has played host to luminaries in nearly every field of sport, entertainment, and politics. Sonia Henie and the Hollywood Ice Revue was the brain child of Arthur Wirtz. Roy Rogers proposed to Dale Evans before a rodeo here. Frank Sinatra, Bob Hope, Bing Crosby, Elvis Presley, Hopalong Cassidy – all have performed here. National conventions of both the Democrats and Republicans have been held here. The Chicago Bears won the 1932 NFL championship here beating Portsmouth, 9-0, on an 80-yard field. Dance Festivals, Auto Shows, War Bond Rallies – these walls have held them all.

The Stadium also provides an electric atmosphere for its current basketball tenant. But for its hockey tenant and its hockey fans, Chicago Stadium has provided a one-of-a-kind atmosphere: one you can feel.

The United Center

The Chicago Blackhawks are scheduled to open the 1994-1995 hockey season in their new home – the United Center.

Patrons of the Blackhawks have seen the arena take shape seemingly before their eyes since the official ground breaking ceremony on April 6, 1992. At a press conference on November 5 of that year, the new multi-use facility was named the United Center, as part of a 20-year agreement between United Airlines and the Metro-Chicago Sports Stadium Joint Venture, the partnership building the arena. Joint Venture partners William Wirtz, President of the Chicago Blackhawks, and Jerry Reinsdorf, Chairman of the Chicago Bulls, welcomed the corporate support and expressed their pride in the fact that the facility is being financed with private funds and without tax dollars.

Located just south of Chicago Stadium, the United Center is found between Madison and Monroe Streets on the city's near west side. The location is serviced by bus and rapid transit, and the new arena's proximity to major expressways and to the Loop with its hotels and entertainments will be appreciated by its patrons, many of whom come great distances to cheer the Blackhawks and Bulls as well as the ice shows and circuses which play the Chicago area.

Designed by the architectural firm of Hellmuth, Obata & Kassabaum, the United Center is being constructed by Morse Diesel/Huber, Hunt & Nichols. The United Center is intended to be a a world-class entertainment center, leading the way for Chicago sports and entertainments into the twenty-first century. It will accommodate 20,500 for hockey, 21,500 for basketball, and up to 23,500 for concerts and other entertainments.

The United Center will contain the best in fan comfort and convenience. There will be escalators and extra wide concourses for better mobility. Cash stations, along with coat and parcel check areas will be available on every level. Three times the restroom space of Chicago Stadium is planned. Seating will be unobstructed throughout the arena. Planned facilities will enable the handicapped to enjoy with greater convenience the amusements the arena has to offer. A cocktail lounge, private banquet facilities, private suites, a state-of-the-art video scoreboard, TV monitors throughout the building, the list goes on and on.

While no one can re-create the rough and tumble era of the twenties when Chicago Stadium was born, no place re-create the Stadium's electric atmosphere when the horn signals a goal, and no sound re-create the thunder of the marvelous Barton pipe organ, the owners and builders of the United Center plan an experience for the patrons of the new arena that is second to none. Although it won't be the same, it will be unique.

THERE WHEN IT COUNTS

During the last ten years with the Blackhawks, we've seen hundreds of blistering slapshots, a thousand thundering checks and more amazing saves than you can shake a goalie's stick at.

With over 40 regular season games plus the playoffs, SportsChannel is the place to follow the Hawks. Live pregame shows analyze the season on a weekly basis and The SportsChannel Report covers the NHL like no one else, every night of the week.

Since 1984, we've been there for every big moment and the way we see it, we're just getting started.

NHL Alignment, Scheduling, and Stanley Cup Playoff Format

The National Hockey League has a new look for the 1993-94 season. Under a plan unanimously approved by the Board of Governors, the League adopted new names for the conferences and divisions which reflect the geographic alignment of the NHL; adopted a regular-season schedule which maintains traditional divisional and geographic rivalries, while also providing for a more balanced distribution of games; and moved to a playoff system based on conference play with the top eight teams in each conference qualifying for the Stanley Cup Playoffs.

WESTERN CONFERNCE		EASTERN CONFERENCE	
PACIFIC	*CENTRAL*	*NORTHEAST*	*ATLANTIC*
ANAHEIM	CHICAGO	BOSTON	NEW JERSEY
CALGARY	DALLAS	BUFFALO	NY ISLANDERS
EDMONTON	DETROIT	HARTFORD	NY RANGERS
LOS ANGELES	ST. LOUIS	MONTREAL	PHILADELPHIA
SAN JOSE	TORONTO	OTTAWA	SOUTH FLORIDA
VANCOUVER	WINNIPEG	PITTSBURGH	TAMPA BAY
		QUEBEC	WASHINGTON

The NHL will continue to honor the memories of the great builders of the game—Charles F. Adams (Northeast), Lester Patrick (Atlantic), James Norris (Central) and Conn Smythe (Pacific)—with Cups in their names to the regular champions of each division. The Prince of Wales Trophy will go to the Eastern Conference playoff champions and the Clarence Campbell Bowl will be awarded to the Western Conference playoff champions. In the new alignment format there are three changes from the 1992-93 groupings: Winnipeg moves to the Central from the Pacific; Tampa Bay moves to the Atlantic from the Central; and Pittsburgh moves from the Atlantic to the Northeast.

The NHL's 26 member clubs will each play a total of 82 games, broken down as follows:

Western Conference—clubs will play six games against each of five divisional opponents (30 games); four games against each of six teams in the other division of their conference (24 games); and two contests against each of the 14 teams in the Eastern Conference (28 games).

Eastern Conference—teams will play five games against each of six divisional opponents (30 games), four games against each of seven teams in the other division of their conference (28 games); and two contests versus each of 12 teams in the Western Conference (24 games).

Neutral site games from this season—games 83 and 84—are subject to negotiations for the 1993-94 season.

PLAYOFF SYSTEM

The League moves to a conference-based playoff system with the 1st place team in the regular-season competing against #8; #2 vs. #7; #3 vs. #6; and #4 vs. #5. The playoff matchups will be based on overall points achieved in the regular season, with four division regular season champions being placed as the first and second place seeds in each conference and being assured of home ice advantage in the first two playoff rounds.

All series remain best-of-seven with home-ice rotating on a 2-2-1-1-1 basis, with the exception of matchups between Central and Pacific division teams which would be played on a 2-3-2 series, the team with the more points will have its choice as whether to start the series at home or on the road.

Media Information

PRESS BOX: The main press box is located on the west end of the Stadium. This box is reserved for game personnel, writers, and various non play-by-play radio personnel. There is also an auxiliary press box which is located above the second balcony on the south side of the Stadium.

SEASON CREDENTIALS: Those media receiving season credentials will be contacted in advance of training camp by mail. As we have done for the past six seasons, those media members will be asked to stop in the Blackhawk office where a credential picture, similar to that of a driver's license, will be taken. Season credentials will only be issued to those members of the media who cover the Blackhawks on a regular basis.

INDIVIDUAL GAME CREDENTIALS: Individual game passes will be issued, depending upon availability, to those accredited members of the media by contacting Jim De Maria, Tom Finks, or Barbara Davidson a minimum of 48 hours in advance. Due to the lack of space, credentials will be issued on a first come first serve basis.

MEDIA LOUNGE: The media lounge is located in the basement of the Stadium between the visiting and Blackhawk dressing rooms. The press meal will be served in this area prior to every Blackhawk home game.

PRESS NOTES: A complete set of press notes will be provided to all members of the media upon their arrival at the press lounge. Notes will also be provided in the main and auxiliary press boxes.

PRESS GATE: Gate 3 1/2, the press entrance, is located on the west side of the Stadium on Wolcott Street. Game night media will be able to pick up their credentials at the press gate on game nights.

PHOTOGRAPHERS: Photographers must shoot from designated areas assigned by the Blackhawk team photographer. Photo credentials may be obtained by calling the Blackhawk Public Relations Department at least 48 hours in advance. Photographers will meet with the Blackhawk team photographer approximately one hour before the game to arrange for their space assignments.

LOCKER ROOMS: The Chicago Blackhawk locker room is located at the east end of the Stadium while the visiting locker room is located at the west end of the Stadium on the basement level.

PRACTICES: Most Blackhawk practices take place at Chicago Stadium. However, there are times when the team will practice at the University of Illinois practice facility. Please contact the Blackhawk Public Relations Department to confirm all practice times and locations.

PLAYER/COACHES AVAILABILITY: The media will have access to the Chicago Blackhawk locker room prior to and after all practices and games unless otherwise specified by the public relations department. Prior to practices, the media will be asked to leave when players begin their stretching exercises in preparation for practice. The room will re-open following the practice session. The same rules will apply on game day skates. On game days/nights, the locker room will be open up until two hours before the game.

NOTE: Television crews are asked to send a reporter inside the locker room before practices and games and bring the player outside the locker room area to conduct their interviews so as not to disturb the normal game preparation. Crews **will** be allowed to enter the locker room after all practices and games. Also, all requests for live shots and between period guests on game nights must be given to the public relations department at the morning skate or they will not be accommodated.

AREAS OFF-LIMITS: Media will not be permitted in the trainers room, the weight room, or the coaches office.

BETWEEN PERIOD INTERVIEWS: All between period interview requests must be made no later than at the morning skate and are all subject to the approval of the coaching staff. Requests coming after the morning skate will not be honored.

PUBLIC RELATIONS NOTE: The Chicago Blackhawks appreciate the coverage that you give us. With that in mind, we urge you to contact our public relations department if there is anything we can do to be of further assistance.
